

Unit 0. Section 2. Learning Objective 1.

1. What buzzwords can be used to describe the Java language?

Simple, Object oriented, Distributed, Multithreaded, Dynamic, Architecture neutral, Portable, High performance, Robust, Secure

Unit 1. Section 1. Learning Objective 3.

3. What is the function of the import statement?

make the classes of another package accessible to the current package.

Unit 2. Section 2. Learning Objective 3.

3. What is the purpose of the import keyword? (See TIJ page 75.)

import tells the compiler to bring in a package, which is a library of classes.

Unit 3. Section 1. Learning Objective 4.

2. What is the function of the string + operator? (See TIJ pages 118 to 119.)

String + operator can be used to concatenate strings. e.g.) "1" + "2" = "12"
